

Online Written Prep Programs

How do the written online written prep programs work?

When you can make it to American Flyers Weekend Ground School, or just want to study on your own time the online written prep is the option for you. This program gives you American Flyers learning guide to read and provides fun videos for you to watch to reinforce that knowledge. This program also gives you many quizzes to test your knowledge along the way, and providing you with an endorsement when ready to take the real FAA written exam.

Is there video to the program?

Yes. There are videos and text for you to study throughout the program that will help you prepare for your written exam.

How long does it take to complete the program?

The average time invested by those preparing for their Written Examination is between 20 and 24 hours. Most important is the fact that you can move at your own pace, and when you want to review a subject, take your own time doing so.

How many Quizzes are there?

There are a few quizzes for each chapter. You do not need to take all of the quizzes from a chapter, but the more you take the better prepared you become.

What score do I need to get my endorsement?

You will need to get a 70% on your Practice Quiz to qualify for your endorsement.

Do I need an endorsement for instructor written exams?

No. As long as you have never failed the written exam you are trying to take, you do not need an instructor's endorsement.

How do I get an endorsement?

When you pass the practice quiz with a 70%, a link will appear to submit your score for an endorsement. You may take the quiz as many times as you would like even after a passing score is gained. Though, we only require a 70% to gain your endorsement we recommend not submitting for this until your scores are consistently in the 80-90 percentile. This will allow for a margin of safety and more importantly to obtain better command of the material.

What happens if I get less than 70% on my practice test?

If you do not achieve the minimum score required for an endorsement, you will be prompted to review the material and take the quiz again, when you feel ready. If you are having further problems with the material please contact American Flyers for further assistance 1-800-362-0808.

Do the programs work on mac, PC, and iPad?

Yes. As long as you have an internet connection you can sign into your account and access these programs. You can even access them on your iPhone as well.

How do I sign in to get to my programs?

To access the programs after you sign up, you may go americanflyer.net homepage and find the Student Login at the top of the webpage. Sign in and access your programs.
